

# DAVE LANG

Smart words, smart chords, smart clothes - Dave Lang has had a fondness for smartness since someone told him he had a smart mouth. Inspired by Louis Armstrong, Cole Porter and Lenny Bruce, Lang writes smart songs that make you smile.

*"Even the love songs are biting and satirical" - Geoff Berner*

Dave Lang is currently studying jazz in Victoria, BC. He tours regularly with like minded performers and is embarking on a marathon three month tour of Canada this fall. He has appeared on record alongside musicians such as Neko Case, Corb Lund, Geoff Berner and Carolyn Mark. He has written music for film and television and received glowing reviews online and in print magazines such as The Georgia Straight and Spin.
